

# Product Data

## TP - B - 0 - J - \*\* - \*\* - A | Temperature Probe

### Technical Data

Accuracy (Single Point)	+/-0.2°C (+/-0.36°F)
Stability	+/-0.13°C (+/-0.23°F)
Interchangeability	+/-0.2°C (+/-0.36°F)
Operating Temp. Range	-40 - 302°F (-40 - 150°C)
Pwr. Dissipation Constant	3mW / °C
Operating Humidity	10 - 95%RH non-condensing

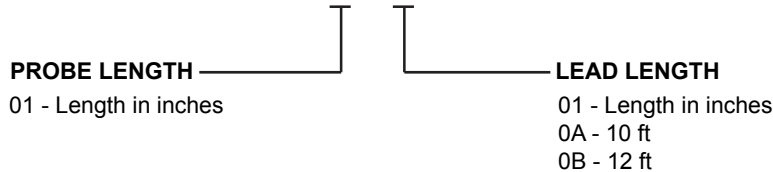

### Product Application

*iAIRE's* temperature transmitters are a cost effective solution for all of your temperature measurement needs. The transmitters are accurate, durable, and reliable. Numerous mounting configurations are offered.

### Part Number

**TP - B - 0 - J - \*\* - \*\* - A**

**Note:** Lengths in inches using two digits (ie 05 = 5 inches)

### Product Dimensions (inches [mm])
